

## Help Build The Hope Center's New Home

In July 2020, we joined Temple University's Lewis Katz School of Medicine. We secured office space in North Philadelphia that can host our rapidly growing team, which has expanded to more than 30 people, up from a dozen just a year ago.

Now we are working to outfit that space with the necessary equipment to ensure our success and meet our daily needs. We seek donations of the following items:

- Industrial printer/copier
- Refrigerator
- Microwave
- Kitchen items- (dishes, utensils, coffee maker)
- Furniture- (bean bags, end tables, bookshelves, etc.)
- Large plants

If you have any leads to help us with these donations, please contact Chief of Staff Maureen Scully: [maureen.scully@temple.edu](mailto:maureen.scully@temple.edu).
